To:

The Recruiter/ Managing Director,

Sub: Application for suitable position

Respected Sir,

With this letter and attached resume, I would like to express my sincere interest to work with your esteemed organization.

I am a post graduate in chemistry and have more than 34 years of rich experience in the maize starch and its derivatives Industry. I have been holding responsible positions at the senior level in reputed organizations which employed more than 150 permanent employees involved in manufacturing activities. I have worked around various Indian states and have been abroad for past 5 and half years.

I have sound process knowledge and analytical skills in maize starch and its bi-products, modified starches and dextrin production, quality, maintenance, Effluent Treatment Plants (ETP). Manpower management, Material balance, Yield monitoring, Utilization of Raw materials, Chemicals, water and energy.

I am adept at providing technical support, solving audit and labor issues when necessary. I have a fair knowledge and understanding of current industry best practices and recent technical upgrades and utilize it to company's advantage.

My expertise lies in successful enhancing of operational strategies and managing overall plant functionality to output maximization, cost reduction and achieving production targets. Apart from these I have remarkable experience in Industry operational environment, conflict resolving, employee relationship and disciplinary actions.

I am confident that my vast industry experience and process related skills will be suitable for your growing organization.

In view of the above mentioned facts, I request you to kindly consider my profile and give me an opportunity to work with your organization.

Thank you for your time and consideration.

Yours Truly,

B. Venkateswara Rao.
