EMPLOYMENT HISTORY

INTERIOR DESIGNER

BLUENT / 2019 - NOW

- Plans and designs residential properties
- Meets with clients to establish needs and creates proposals in line with budget, tastes, and timeframes
- Creating hospitality architectural design & details by hand and in AutoCAD.
- Working on drawings according to customer requirements/projects.
- Flooring shop drawings often include spaces like kitchens, washrooms, and public areas. Stone is usually added to bar counters, walls, and exteriors of the buildings.
- Accurate dimensioning of the tile or stone is done to help the installers with perfect alignment of the finishes
- Some dimensions, however, need to be verified at the construction site. Notes explaining this situation are often marked upon the drawings
